Signature and Seal of Authorized Signatory

**The institute wishes to put forth a few guidelines for the companies visiting the campus for recruitment of students.**

1	The dates of the campus visit are decided after we receive a letter of interest / confirmation from the company in consultation with the student council members.
2	The company is requested to announce the result of the selection of students preferably on the same day or as early as possible. As long as the T & P deptt. does not receive a written communication regarding selection of students, the students will be allowed to appear for subsequent interviews.
3	The selection of students has to be communicated to the T & P officer before announcing the results to the students.
4	If the offer letters are being sent to the students directly, a copy has to be <b>marked to the T &amp; P deptt.</b> for the record.
5	If a medical examination is to be conducted, it is recommended to schedule the same soon after the selections and the result of the medical (whether medically fit or unfit) be communicated to the T & P deptt. This will help us in informing the students who are declared unfit, so that they can appear in further campus interviews.
6	If a student opts for higher studies or receives an offer off campus, the responsibility of informing the company lies with the student.
7	Accommodation for the visiting panel members can be arranged in the campus guest house subject to availability. The company is requested to communicate the travel itinerary and accommodation requirements atleast a week in advance.
